

Stormwater Authority of the City of Chester (SAC)

We are local people working together to meet the needs of our community as it relates to stormwater management. It's hard for most people to think about stormwater when you are struggling to make ends meet.

Chester is a low-income minority community with an average household income between \$32,000 to \$35,000 a year, and more than 50% of all residents have subsidized income from federal or state government. With this knowledge one might say, ***“How Can we Afford a Stormwater Authority?”*** The answer is this, ***“Stormwater does not care about your race, age or income; stormwater comes from the sky without notice. It does its own thing, however, if not managed, it will cause havoc in our City like nothing else. It will flood your homes, flood your streets, and destroy your property.”***

Since we have begun to manage the Stormwater Authority, Chester has an excellent record of reducing flooding, as well as safe and clean streets. Wherever you live, stormwater will find you. Chester, even though we have problems, we have one less problem, *“stormwater.”*

Call us anytime, we are here for you. Our headquarter office is located at 31 East 5th Street, Chester, PA 19013. Phone: 610-872-1000. Our payment center is located at:

***21-25 E. 5th Street, Chester, PA 19013
(Formerly Bryn Mawr Trust Bank)***
